OPEN CALL for pics

Please send us one picture of your big toe (right or left as you prefer) and one of your face for our international scenic research project BIG TOE. The project is based on questions of connection between head and big toe. If you want to support us with your pictures please send them to: bigtoebigshow@gmail.com. Smartphone quality is okay. Do you have any further questions or hints? Don’t hesitate to mail us!

P.S.: We promise: The pictures are only for our artistic purposes.

Thank you so much for joining our database. Spread the word!
